Thoughts on Whitty

by Burntuakrisp

Summary

This is not a fic, but I need a place to let this out. I'll probably delete it later when I feel better.

Chapter 1

As respectful as I am for sock.clip's decision, I'm equally if not even more so devastated over Whitty. I hate how easily attached I get to fictional characters. I don't want him to go, I grew way too attached to him. I'm in tears seeing his mod go. Now whenever a video with a thumbnail of Whitty pops up, I have to click on it. I was just as broken when I found out about what caused sock to leave the fandom, and now I'm in physical pain. What is wrong with me? He's not even real. So why does it hurt so much? I'll still be here in the community, just know that I'll try to find as much Whitty content as possible.
At least until we get a remaster and hd remake, so that the future fnf can look at and play if they want to experience Whitty.

Whitty will never die, I refuse to let it happen.

For the Future

Hello everyone I just wanted to give you an update.
I'm still broken up about Whitty but I am doing better because I have stories on here to keep Whitty relavent. However another thing has come to my attention. It looks like the mid fight masses mod is gone. Twitter took another one. Look it up, I don't want to explain it.

But you know what, I'm not going to let stop me for loving Friday Night Funkin. So I shall stay here, writing fluff and funny moments for this community. But no smut, keep it in your pants.
Plus there are alternatives sites to get deleted mods, so I think that's better than having one link be connected.
Plus we still have videos to listen to and watch.
My mood might change and I'll be depressed tomorrow, but for now, I'm confident in what I love.
And you should to.

That is all I have to say, have a good night.

And if nothing else, just stay off of Twitter.
